

7.3.1 – Institutional Distinctiveness

AQAR 2022-2023

7.3.1 – Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words.

Besides inculcating a dynamic academic environment, The Bhawanipur Education Society College also emphasizes upon the development of the students into responsible and sensitive human beings. With this vision, the College organizes a series of outreach programmes that envision community welfare. Sometimes departmental initiatives and mostly in collaboration with the NSS Unit of the College, these programmes not only enable the students to comprehend the satisfaction of generosity but also make them familiar with the ground realities. During 2022-23, thirteen such programmes were initiated by the College, some of them being Jal Se Jeevan, Med Drive, Seva Sandwich and Magic Box. Many of these programmes are not one-time projects but are repeated annually, and help students contribute effectively to community welfare. For instance, the Jal Se Jeevan project organized during the World Water Week 2022 involved the students visiting the neighbouring residences with professional plumbers to fix leaking taps and faucets and make the residents aware of certain simple ways to save water. Med Drive, similarly, was a project aiming at distribution of medicines to an orphanage and an old age home. Interacting with the world as responsible citizens of tomorrow enriches the students and ensures their holistic education and growth.
