Teaching and learning feedback: -

1. Engagement of Faculties with students outside classrooms, Encouragement of Co-curricular activities for all students instead of a specific repeated bunch of students at every event.
2. Better communication skills of faculty. Better behaviour among students.
3. Very nice and motivating efforts are made by the college
4. More online resources and digital tools for students should be made available.
5. Establish robust mentoring and support programs, including peer tutoring and mental health services.
6. Promote active learning by redesigning classrooms for group work and hands-on activities.
7. Case Study based learning, solving real-time business problems and providing relevant solutions.
8. Conducting online mock test.
9. Good teaching quality, encourages creative work, encourages in extracurricular activities
10. Make use of more engaging content while teaching
11. Some subjects need to have more time allocated to them. An hour is not always enough for a class.
12. Give more time to slow learners.

Infrastructure related feedback: -

1. The college needs a parking facility for the students.
2. There must be more lifts for the students.
3. The Canteen should have AC.
4. Projector should work properly in all classrooms.

Good and effective

1. Try to reach every student and ask their doubts .

Engagement of Faculties with students outside classrooms, Encouragement of Co-curricular activities for all students instead of a specific repeated bunch of students at every event.

regular classes

*Every faculty is good enough

A better communication skills. A better behaviour among students

EDPP classes should be done online for approval

Very nice and motivating effort are made by the college

M already satisfied.

. Projector should work properly

Technology Integration, Opportunities for Active Learning, Assessment and Grading Practices

Every thing is good

1-Explaining things without rushing,2-choosing simple ways of explaining things,3-interactive form of teaching with students

No observations

More interaction with students,

Teachers should reduce their anger and attitude and college should make attendance compulsory

Nothing to suggest as our Teaching staff is genuinely good so no point of suggesting anything

More efficient teacher. More projector working properly

1. Revising past chapter 2. Professors arriving on time for classes

1. Enhanced Interactive Learning Tools: Integrating more interactive and digital tools such as virtual labs, simulation software, and online collaboration platforms can make learning more engaging and accessible. These tools can cater to different learning styles and make complex concepts easier to understand. 2. Professional Development for Educators: Regular workshops and training sessions for teachers on the latest educational technologies, pedagogical strategies, and classroom management techniques can improve teaching effectiveness. Encouraging continuous professional development ensures that educators are well-equipped to handle diverse student needs. 3. Student Feedback Mechanism: Implementing a robust system for collecting and analyzing student feedback on courses, teaching methods, and overall experience can help identify areas for improvement. Regularly reviewing this feedback and making necessary adjustments can enhance the teaching-learning environment and address students' concerns promptly.

Need some attention to students

1. Provide more online resources and digital tools for students. 2. Establish robust mentoring and support programs, including peer tutoring and mental health services. 3. Promote active learning by redesigning classrooms for group work and hands-on activities.

Try more to understand the students

More student participation, leniency for students' creativity,

No suggestion needed, as it is already the best institute.

1.Active learning 2. Feedbacks 3.Personalization

Use of ICT tools more soft skills and clarity among students and teachers

....

Case Study based learning, Solving real-time business problems and providing relevant solutions.

Teachers should provide proper notes to students .

It's all very excellent

Regular classes

Everything is good .

.....

Engagement, better communication,

Encourage more interactive and hands-on classrooms.

1) The teaching can be improved very much if they motivate the students to attend classes and give full concept clarity with bazillion of interesting examples and exam oriented questions with fun. 2) In my opinion students don't want to learn entire history about the topics which they consider a timewaste rather how they can solve questions in exam efficiently within time limit[Tips and tricks how teachers solved questions in their student life and topped]. 3) Conducting online mock test with some kind of reward.

Nothing more need

1.Good teaching Quality 2.encourages creative work 3.encourage in extra curricular activities

Make use of more engaging content while teaching

No suggestion required as the process is fully satisfactory

some subjects need to have more time allocated to them. An hour is not always enough.

Nothing to improve. The institute already does what it needs to do and more.

1. To make teaching a two way interaction 2. By using better graphics and visual media to engage students well 3. Try to reach every student and ask for their doubts.

Everything seems to be well working.

They should make theory classes little more interesting. Notes should be made available regular

A good learning experience, teachers are very nice

Nothing , everything is fine.

The learning experience is very good, no suggestions from my side .

No suggestion are required

Great

Good faculties all over.

The Infrastructure strongly needs a parking facility. There must me more lifts. The Canteen must have AC

It is very good... No suggestions can be given further

more information

KUNAL CHAND DAS

Teacher clear all the doubt of the students

Excellent infra and facilities. Kudos to BESC management !!

Everything is fine

Satisfied

No points

Everything is good.

.

Nothing as such for now

Improve your Teachers

1. Give more time to low grade students.

Our institution helps students to grow very well
